

1 November 2018

Dear Professors, Researchers and Friends:

On behalf of the organizing committee (E2S2-CREATE), we would like to introduce and invite you to the **2019 E2S2-CREATE AND AICHE WASTE MANAGEMENT CONFERENCE**. This conference aims to provide a platform for technical and scientific professionals from industries, academia, research, government organizations and researchers working in diverse fields of waste management to exchange knowledge as well as to keep abreast of the emerging state-of-the-art technologies.

We are inviting accomplished speakers from the academia and industries, and organize oral presentations in the topics such as “Recycling Behavior and Waste Sorting”, “Food waste and anaerobic digestion technology”, “Gasification technology”, “Conversion of waste to resource”, “System and industrial ecology”, “Waste handling technology and circular economy”, “Environmental technology for waste management”, and “Solar thermal treatment of organic solid waste”. We would also be very pleased to call for your submission of research papers or short talks for inclusion in our conference programme. More information about the conference can also be found at the following conference website <https://www.iche.org/ifs/conferences/e2s2-create-and-iche-waste-management-conference/2019>.

To know more details regarding the abstract submission and registration of the conference, please feel free to send an email to erikx@nus.edu.sg. Thank you very much for your consideration and we look forward to your support!

With best regards,

Chi-Hwa Wang
Chair, AICHE Singapore Local Section
